

# ADR RADIATOR

## WHY ADR RADIATOR IS A BETTER CHOICE?

- **ADR Radiator** has been exported to more than 35 countries to our loyal customer all over the world with high competitive market. We also serve after market, OES as well as OEM in Indonesia and other countries.
- **ADR Radiator** is manufactured to highest quality under IATF 16949 and Technical Assistance from Japan combined with our more than 45 years manufacturing experience and tested for vibration, burst pressure, heat rejection, and pressure cycle.
- **ADR Radiator** manufacturers high efficiency radiator cores that keep high performance engine cooling. Winning performance in the OE quality radiators and after-market.

We always pay attention to appearance to reflect the high quality and strictly inspected radiators. Our quality control not only focus on performance alone, but also apperance.

# EXCELLENT SPECIFICATION

**SMOOTH RADIATOR TANK**  
Our radiator tank manufactured with high quality material and high standard manufacturing resulting in smooth and neat appearance.

**MAXIMUM CRIMPING STRENGTH**  
**ADR Radiator** crimping tab is designed so it can close more surface area to the tank. With this, our crimp will be stronger and decrease the possibility of leaking.

**HIGH GRADE MATERIAL**  
Every single piece of **ADR Radiator** use the right specification and high quality aluminium alloy to achieve high performance and durability.

**MAXIMUM COOLING PERFORMANCE**  
To enhance cooling performance, not only **ADR Radiator** fin made from high quality material that transfer heat efficiently, but also have optimum louver angle for maximum heat transfer.

**ROBUST TUBE**  
With high grade material, strong construction and precisely engineered tube design, our tube able to withstand high pressure in the radiator and prevent

**PERFECT SEALING RUBBER GASKET**  
Rubber gaskets used in **ADR Radiator** is free from flashing and have smooth edge to produce perfect sealing and leak free radiator.

**EASY FIT**  
To ensure all **ADR Radiator** fit perfectly to the application without any modification, all of our radiators go through strict dimension quality check. Every product that goes out from our factory will have high precision dimension.

**CUSTOMER SERVICE AND WARRANTY**  
We know customers and warranty service holds a very special and important value. Therefore we always provide good and helping customer service to our valuable customer and all of **ADR Radiator** is covered under **2 years warranty**.

# RADIATOR PRODUCTS

## RACING RADIATOR

**Full Machining Connection Pipe\***

**Straight Tank**

**High Quality Craftmanship Welding**

**Available in 31 mm Standard Core Thickness & Extended until 68 mm Core**

**Solid Block Bracket\***

**Full Machining Overflow Pipe\***

\* For certain application only

## HEAVY DUTY RADIATORS

**ALL-Metal Heavy-Duty Radiators for Most Application**  
**ADR Radiator** also has replacements for a variety of commercial applications. Among the products, ADR is introducing heavy-duty radiators for:

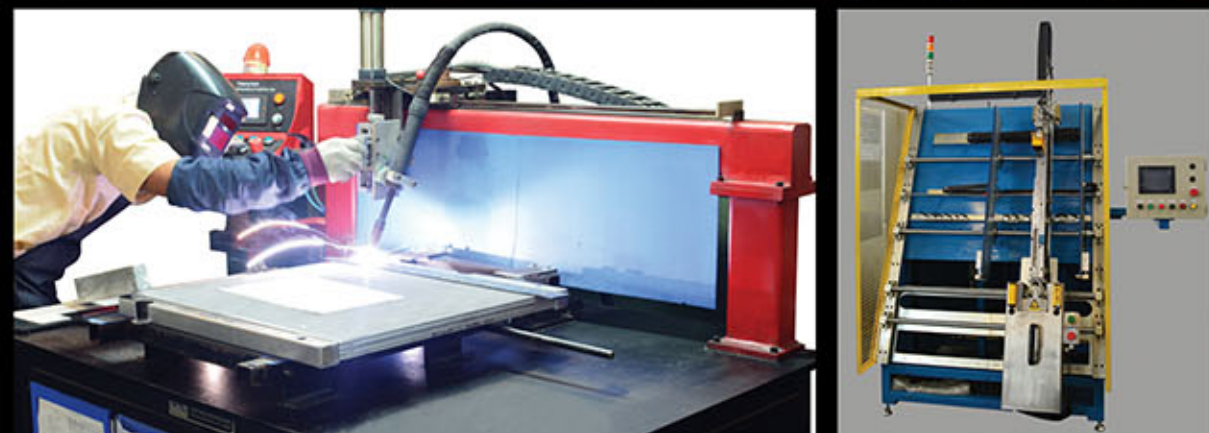

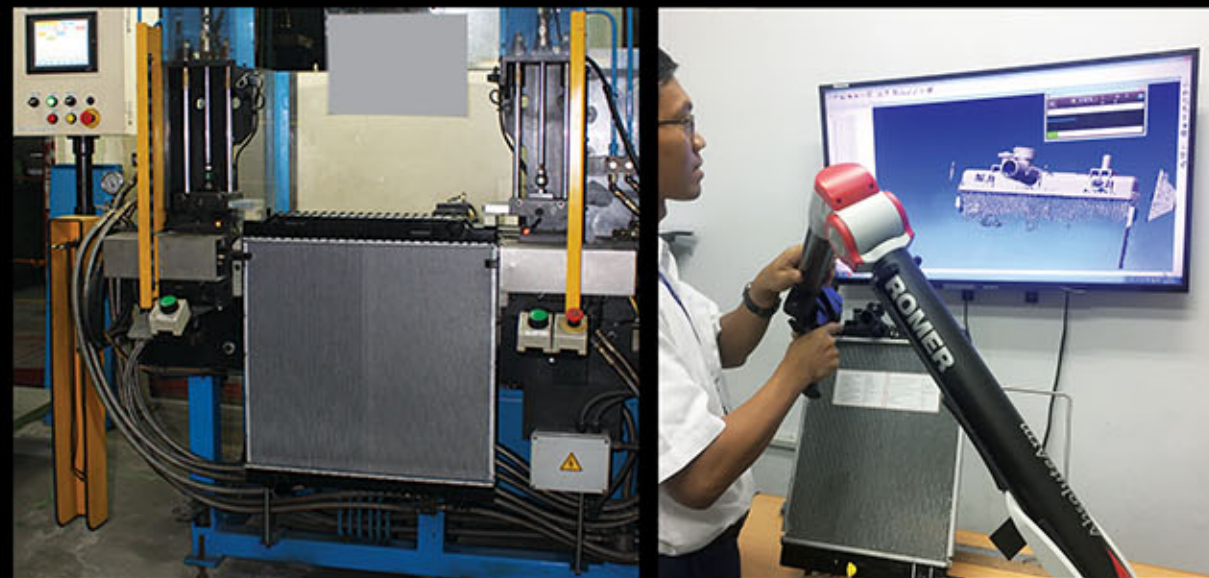

- Trucks and Buses
- Heavy Equipments ( Excavators, Loaders, Forklifts, Tractors, etc. )
- Generators

## OUR TECHNOLOGY

### To Meet Your Requirements

We have more advanced machineries inhouse to serve the market better. Our product have perfect forming in component, such as tank, header plate, side plate, fan guide and fan shroud. And to assure our customer, we leak tested 100% before the radiator are delivered.
